- Effective Communication
- Critical Thinking
- Project management
- Teaching

LANGUAGES

- Bangla (Fluent)
- English (Intermediate)
- Hindi (Basics)

PROFILE

I'm a third-year Computer Science and Engineering student at Jahangirnagar University with a strong passion for programming and technology. My journey has been driven by a love for solving problems, learning new skills, and staying curious about innovative solutions.

With expertise in C, C++, and Java, I'm currently expanding my knowledge in web development and Python, striving to create impactful and visually appealing applications.

WORK EXPERIENCE

Coderpals   2024 - PRESENT
Programming Instructor

- Designing and delivering interactive coding lessons tailored for children.
- Encouraging creativity and logical thinking through fun and engaging projects.
- Providing a hands-on learning environment that nurtures problem-solving skills.
- Simplifying complex concepts into kid-friendly explanations.
- Inspiring curiosity and a passion for technology among young learners.

NCPC
Volunteer   2024 march

- I had the privilege of volunteering for the National Collegiate Programming Contest (NCPC), where I played a key role in managing and operating a contest room. This experience allowed me to contribute to a prestigious programming competition while honing my organizational and teamwork skills. Working behind the scenes to ensure a smooth contest flow gave me invaluable insights into event management and the dynamic world of competitive programming.

CERTIFICAION

- Successfully completed training focused on creating visually appealing and responsive websites using HTML, CSS
